

# NEW: Stadur Composite Boards with Stadurlon facings to be coated in RAL according to your choice!

Made  
in  
Germany

## Stadurlon in RAL – with guarantee

Using the varnishes of the company Rhencoll it is possible to coat Stadurlon facings in different RAL colours – Rhencoll guarantees a colour resistance of up to 15 years.

The temperature resistance of Stadurlon ( -20° C to + 120° C ) also enables the use of dark RAL colours for outside application (see varnishing recommendations of Rhencoll).

The coating is weather-resistant, scratch-proof, abrasion-resistant and resistant against water and ordinary cleaning agents.

The paintable material is available in the following dimensions:  
2000 x 1000 mm, 3000 x 2000 mm,  
3000 x 1500 mm, 4000 x 2000 mm

If you have further technical questions concerning the coating please contact the application technology consultancy service of company:
